

MTRA Mileage Incentive Program

MTRA is initiating a mileage incentive program to reward our members for miles in the saddle or cart. Logging miles from January to January every year will make you eligible for 1000, 2000, 3000 etc. miles rewards. For youth under 18 there will be a 500 mile start up reward. Miles will accumulate so if you ride 250 miles for 4 years you will attain a 1,000 mile reward.

Highest mileage each year will be honored at the annual March meeting. Mileage logs will be sent to the provided address on the log sheet at the end of the year for awards and records. This will be an honor system and does not have to be on an organized ride but getting your equine ready for a ride and riding shore to shore is an excellent way to accumulate miles. You must be an MTRA member to be eligible to apply.

An additional award was started last year to promote our trail system. An MTRA patch (like the old route trail sign) was given at the award nights to riders who rode the Blue Trail exclusively on a shore-to-shore ride. The first ride of 2022 saw 3 riders accomplish this and we will continue this next year – let's see how many are given out next year!
